Josh Kenney received the [Linda Lorimer Award for Distinguished Service](#) for his outstanding work in software development, including the tools he created for the IMPACT-MH project.

This award recognizes exceptional contributions by Yale staff.

Drs. Hua Xu and Kalpana Raja were selected as Phase 1 winners of the [NIH Data Sharing Index \("S-Index"\) Challenge](#) for their project, S-index – a refined data sharing index to promote and reward biomedical data reuse. Their work was recognized as one of the top proof-of-concept ideas in this national competition aimed at incentivizing high-quality data sharing.
